## Wireless experts Tacktick to sponsor Hoo Freezer event

Photo © Mark Bloomfield

Wireless electronics experts Tacktick will be sponsoring the Hoo Freezer event taking place 7<sup>th</sup> & 8<sup>th</sup> February 2009 in conjunction with local electronics dealer Precision Navigation.

The Hoo Freezer is a national dinghy event run by Hoo Ness Yacht Club and the Wilsonian Sailing Club.

Tacktick will be offering their award winning Micro Compass as a prize for the event which attracts 100-150 dinghies each year. Tacktick's local electronics supplier and service dealer, Precision Navigation is co-sponsoring the event with Tacktick.

Tacktick's solar powered **Micro Compass**, is the world's leading digital dinghy compass. Incorporating a compass, tactical scale and race timer in a robust, fully waterproof, solar powered digital instrument, the twin screens ensure clear, readable digits in line of sight.

Ideal for all dinghy sailors wanting to improve their performance, the Tacktick Micro Compass gives you all the data needed to react to the smallest wind shifts. The Micro Compass, is light weight and easy to read and is available with a range of brackets to fit most boats.

**Ends**

**Notes for editors:**

**January 2009**

Tacktick are world leaders in wireless, solar powered electronics for the marine industry. Formed in 1996 by joint managing directors Clive and Mark Johnson, Tacktick was the first company in the world to launch Micronet, a range of wireless, solar powered, navigation instruments with full GPS interface for cruising and racing boats. Tacktick's range of solar powered tactical compasses have been dominating the world of dinghy and sports boat racing for the past ten years. Tacktick won the prestigious Queen Award for Innovation in April 2007 making them one of an elite group of the UK's most successful businesses.
